POMFORT ^{fn}

READY TO SHAPE THE FUTURE OF FILM PRODUCTION TECHNOLOGY?

Join Pomfort Software as:

Graphic Designer (m/f/d) part-time (20 hrs)

Location: Munich, Maxvorstadt
Start Date: Immediate

Pomfort is a leading developer of software solutions for the global film industry. Our innovative desktop software and cloud services are tailored to professional filmmakers' needs and enable efficient workflows from the film set through to post-production. From cinema blockbusters to Netflix series, commercials, and documentaries - Pomfort Software helps bring stories to life.

To keep shaping the future of film production technology, we are looking for you! As a member of our marketing team, you can immerse yourself in the world of professional film production technology and support our communication with your visual creations.

Your responsibilities:

- Graphic design for our website, blog, newsletter, and social media channels
- Design icons and illustrations to visualize processes and contexts
- Design various show materials such as tradeshow booth backdrops, roll-ups, signs, brochures, and flyers
- Further development of the brand design and visual concepts for our products and content formats with the marketing team
- Supporting the marketing and product management team in supplying raw materials for graphics by defining precise requirements or creating templates where necessary

Your qualifications and experience:

- Experience in the implementation of corporate design specifications
- An eagle eye for precise work and interdependencies

- Outstanding compositing and image editing skills
- Creative ideas to elegantly circumvent the photo scarcity of our niche products
- CMYK, color profiles, and bleed are not foreign words for you, and we can rely on your expertise in print media
- Proficient with the Adobe Creative Suite and flexible enough to quickly familiarize yourself with other programs such as Affinity Designer
- Independent, structured, and accurate way of working
- Good written and spoken English skills

Additional bonus points:
- Experience in the implementation of layouts and design for technical products and complex processes
- Knowledge of the film production process
- Experience in web design and/or UX/UI design

What makes working at Pomfort unique:

- You work in a well-equipped working environment in our local office in the center of Munich, with the flexibility to work from home whenever you like.
- You can expect a lively and fresh work culture with flat hierarchies and fast decision-making processes in agile project teams.
- You have flexible options for organizing your working hours, and if necessary, we will support you in reconciling the changing demands of family and career.
- You find many options for optimizing your salary, such as subsidies for commuting expenses, meal vouchers, or job bike leasing.

Sounds like your next career step?

We're looking forward to receiving your meaningful CV and work samples by e-mail (written in English or German), including your salary expectations and possible entrance date to:
